

### ALL THINGS COME TO THOSE WHO WAIT

An emigrant from Sweden less than six months ago, with no money and few clothes, Martha J. Ekberg, 19 years old, handsome waitress at the Muenchinger King Hotel, in Newport, Rhode Island, is now the bride of Burton J. Baldwin, proprietor of the hostelry.

The ceremony was performed in the United Congregational Church, the bride's only attendant being her aunt, Mrs. Charles Stijen.

Quick to learn the duties of a waitress, Miss Ekberg became a favorite of the late Mrs. Amanda S. Muenchinger, owner of the hotel, and immediately after the latter's death, the young Swedish girl came into possession of the costly jewels and wonderful wardrobe of the hotel owner.

By the will of Mrs. Muenchinger the entire \$100,000 estate was left to Mr. Baldwin, who had been her managing director for several years.

It's easy to keep away from the grafters, but we can't escape the grafted.

### INTERESTING OLD PAPERS

The archives of the County Clerk's and Circuit Clerk's offices in the Bourbon county court house, hold some interesting old documents, now yellowed with age, but still legible. These documents constitute a valuable part of the county's history, and are guarded with zealous care by their custodians, County Clerk Pearce Paton and Circuit Clerk Wm. H. Webb.

In searching through Clerk Webb's office the other day a Paris newspaper man came across a specimen of those old documents, which read as follows:

"For value received I promise to pay to Mr. Hugh McClintic or order, fifteen pounds, current money of Virginia, on or before the first day of April next. As witness my hand and seal at Limestone, this third day of February, 1786.

"EBENEZER S. PLATT. (Seal)

"Test: Daniel Boone."

"Sir: As Capt. Platt has left his storehouse and all other concerns in my hands in order to Raise the Cash, I will oblige myself to pay the Cash at the time the Note matures or before.

"Witness my hand this 30 day of February, 1786.

"DANIEL BOONE."

### TRACTION COMPANY TO INSTALL NEW CARS.

Twelve new interurban cars will be added to the equipment of the Kentucky Traction and Terminal Company within 90 to 100 days, J. P. Pope, general manager of the company, said Saturday.

Many changes will be made in the daily schedules on the Versailles, Nicholasville, Georgetown and Paris lines, Mr. Pope said. Where the cars leave every hour and a half the addition of new ones will enable the company to operate a car every hour. The 15 cars now in use with the exception of a few to be kept for emergency use, will be disposed of and only the new cars will be operated.

The traction company plans the purchase of the new equipment to increase the traffic on all routes and to afford passengers better service. No estimate can be made on the expense until bids have been received.

### MORGAN'S MEN ENDORSE CONDUCT OF HOME

Action of the Board of Trustees of the Confederate Home, in Pewee Valley, in upholding the management in a recent controversy, which resulted in an examination of the institution by State authorities, was approved by the Morgan's Men Association at the annual encampment at Olympian Springs, Tuesday afternoon. But 37 members of the organization answered roll call at the beginning of the session, which was presided over by the president, Captain S. L. Sharp, of Covington.

Addresses were delivered by Colonel William Morrow, Captain C. T. Estill and Captain W. J. Stoner, of Mt. Sterling. The minutes of the last convention were approved by the veterans, and other routine business was disposed of at the opening session. The night was spent in informal gatherings by exchange of war reminiscences among the comrades.

### COME TO PARIS. "WE KNOW HOW"

The Elizabethtown News thus voices a longing:

"A special traffic cop in Elizabethtown into the hearts of the speeders, ers could have his salary paid out of the fines and then turn a neat sum into the city treasury."

Come to Paris, and see how our special traffic cops are throwing terror into the hearts of the speeders, and enriching the city treasury. It will give you a good line on how to do it.

### LOSES PAY ENVELOPE

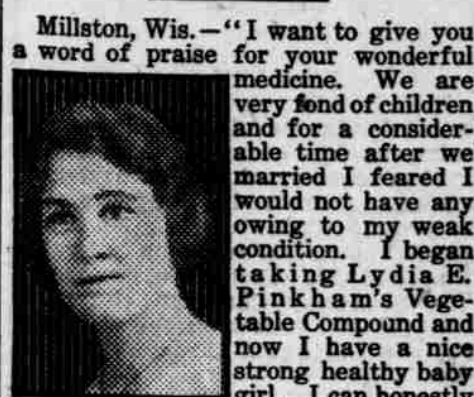

Miss Margaret Shea, of the Cumberland Telephone exchange lost her pay envelope, containing a sum of money, on the streets of Paris. Miss Shea would appreciate it very much if anyone finding it would kindly return it to the Cumberland office to her personally, or leave at this office.

## THIS YOUNG MOTHER

Tells Childless Women What Lydia E. Pinkham's Vegetable Compound Did for Her

Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are very fond of children and for a considerable time after we married I feared I would not have any owing to my weak condition. I began taking Lydia E. Pinkham's Vegetable Compound and now I have a nice strong healthy baby girl. I can honestly say that I did not suffer much more when my baby was born than I used to suffer with my periods before I took Lydia E. Pinkham's Vegetable Compound years ago. I give all the credit to your medicine and shall always recommend it very highly."—Mrs. H. H. JANSEN, Millston, Wisconsin.

How can women who are weak and sickly expect or hope to become mothers of healthy children? Their first duty is to themselves. They should overcome the derangement or debility that is dragging them down, and strengthen the entire system, as did Mrs. Jansen, by taking Lydia E. Pinkham's Vegetable Compound and then they will be in a position to give their children the blessing of a good constitution.

### OWNS OLD COPY OF WESTERN CITIZEN.

Sunday's Lexington Leader had the following interesting item of news in its "Heard Around Town" column:

"W. H. Haynes, of 337 South Mill street, submitted to The Leader for inspection the past week a copy of the 'Western Citizen,' published at Paris, Ky., May 6, 1826. At that time the 'Citizen' was a five-column, four-page paper and was edited and published by Joel R. Lyle and Adam C. Keenon. The copy in Mr. Haynes' possession was addressed to 'S. Gallovey, which was written on the margin of the front page with ink. The paper was found several years ago with a number of other old papers in an old brick house on the Newtown pike nine miles from Lexington, Mr. Haynes said."

### OUR DAILY AIR RATION

Each of us uses more than thirty pounds of air every day. A man may live well on three pounds of solid, and four or five pounds of liquid food, but the air he breathes weighs four times as much as his food and drink together.

In breathing, the average human draws thirty cubic inches of air into the lungs. Assuming that we take fifteen breaths a minute during the twenty-four hours of the day, we use no less than 648,000 inches of air, which would weigh more than thirty pounds. It would fill 4,125 two-gallon tins, and a year's supply would have a weight of more than five tons.

A small room in which a gas stove or fire is lighted soon becomes "stuffy" because the air is so rapidly consumed; quite a small fire will use up in an hour more than a man breathes in a whole day.

### "DAD" ZERFOSS TO BE BOYS' WORK SECRETARY

L. F. ("Dad") Zerfoss, of Lexington, senior member of the State Y. M. C. A. staff of secretaries and secretary of the Paris district, quite well-known and very popular here, will succeed Roy Moreland as Boys' Work Secretary of the Central "Y" according to an announcement by D. C. Cruise, General Secretary, and will assume his duties on September 1. Mr. Moreland resigned to enter the college of law at the University of Kentucky.

### BUY YOUR STAMPS.

All patrons of rural free delivery routes are requested by Postmaster J. Walter Payne to buy postage stamps in advance, and stamp their mail before placing it in the mail boxes. Placing money in mail boxes delays the mail and inconveniences the carriers, especially in cold weather.

### TOBACCO TRUST SELLING ON OLD BASIS

The tobacco trust is still selling the manufactured tobacco on the same basis as when they paid an average of \$40 per hundred for the raw material. Last year they paid about \$12 per hundred, and this year all indications are that the trust will stand the crop. Under these plain conditions it seems strange that it requires all this missionary work to get the growers to sign the contract now being circulated to secure a fair price for their tobacco.

### PARIS BOY ARRESTED IN WINCHESTER.

Joe Miller, a young white man giving Paris as his home, was arrested in Winchester, Monday, on a charge of having ten quarts of whisky in his possession. He was tried Tuesday before Judge Wykoff, and held to the grand jury under \$300 bond. Not being able to furnish bond he was placed in the Clark county jail.

### Escape the "Stout" Class

An attractive figure is not a matter of size but of correct proportions. The stout women who are never spoken of as "stout" are those who give a little time and thought to proper corseting.

Rengo Belt Reducing Corsets give the wearer an appearance of slenderness. The exclusive Rengo Belt feature gives strength and support where the greatest strain falls—over the abdomen and hips. They have the reputation of being "the most economical reducing corsets ever devised."
